## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

### ***Specification***

2. The abstract of the disclosure is objected to because the legal phraseology "said" was used in the last line. Correction is required. See MPEP § 608.01(b).

### ***Claim Objections***

3. Claim 3 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim can only refer back to the preceding claims in the alternative only. The phrase "the features resulting from one or *more* of the preceding claims" does not refer to the previous claims only in the alternative, i.e. See MPEP § 608.01(n). Accordingly, the claim 3 has not been further treated on the merits.

### ***Claim Rejections - 35 USC § 112***

4. Claims 1 and 2 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 2, "or the like" is unclear in scope.

Art Unit: 3727

The following each lack antecedent basis in the claims, i.e. each is only inferentially set forth: claim 1, lines 9 and 10, "the two ends" and "the ends" and claim 2, "the overlying adjacent main panel of the box".

The terms "it" and "them" within claim 1 are each indefinite in that the terms are unclear with respect to what is being referred to.

In claim 1, lines 14 and 15, "a folding line" appears to be a double inclusion of an element.

In claim 1, line 23, "panelon" is misspelled.

#### ***Allowable Subject Matter***

5. Claims 1 and 2 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. It is noted with respect to claim 3 that "the features resulting from...." is unclear with respect to what "the features" are and whether "the features" includes all the limitations of the previous claim(s).

#### ***Conclusion***
